## AWFUL WARNER MILLER.

HIS BLUE LAW SPEECH JUSTIFIES HIS PARTY'S WORST FEARS.

"Maintenance" Means No Sunday Beer Porever, and It's Cownedly to Run from that Issue-The Republican Party Is Not Going to Let Great Cities "Sin" Just Because They Want To-No Local Option.

Warner Miller came down from Herkimer and delivered in Cooper Union last night, to a large and curious audience, that speech that had been contracted for by the Republican Club of this city right after the Saratoga Convention. The fears that he would talk for his blue-law plank were fully justified. He excited vain hopes by beginning on national issues in the good old "now-take-the-question-of-steel-rails style. He whooped it up in this way for half an hour, touched up State issues in less than five minutes, and then devoted an hour and more to maintenance of the Sunday laws."

He read the plank that he introduced into the Republican platform, and then he walked around it in a circle, viewing it from every standpoint. He came out flat-footed in favor of the maintenance of the present Sunday laws. and he left but little doubt in the minds of his audience that if he had his way he would put on the statute books even severer excise laws. He held up his excise plank and shook it before his audience with glee. He told them that he didn't want them to have local option in excise matters, and that he didn't believe it was good for their morais that they should be able to purchase beer or wines on Sunday.

None of the conspicuous Republican politicians, except such as took an active part in the meeting, were seated on the platform. Mr. Miller's speech was listened to closely, and at points it was loudly applauded.

Mr. Elihu Root opened to a-crowded house at Bo'clock, and said in part: "I am impressed to-night by the fact that

what we have to meet is not so much an enemy outside ourselves as it is an enemy within our-selves. We have some unfinished business on hand, and that is the finishing off and final dis-posing of Tammany Hall. Tammany Hall is not a political organization, but it simply borrows the name of the Democratic party, and because of that unholy union decent Democrats are join ing with Republicans to strike it down. The Republican party has declared for the main tenance of the law and of the Ameri can Sunday. Can American citizens say that a party is to be condemned because it declares for the maintenance of law Who shall say that American laws shall not be maintained on American soil? If a law is bad the people will change it. So long as it is a law it should be enforced; and as to Sunday, do the people of this country wish to obliterate the day that gives them a brief relaxation from toils and struggles? We may differ in detail regarding the observance of Sunday, but we cannot differ in the great principle that the laws shall

be maintained. A reference to Gov. Morton as a conspicuous candidate for the Presidency was greeted with loud cheers and applause, and Mr. Root intro-duced Warner Miller. Mr. Miller's brief intro-

duction aroused suspicion.
"For the words which I shall utter here tofor the words which I shall utter here to-night," said Mr. Miller, "no one is responsible but myself. Neither the Republican party nor the Republican Club, through whose courtesy I appear here, need be held responsible for any-thing I shall say. I am willing that my words shall stand or fail by their own merit or de-meett."

Then came the tariff, the late was and sold

shouted a man in the rear of the hall. When the bers that this remark provoked died out, Mr. Miller said:

"I will let his constituents in his district answer this question. I don't believe there is a Republican district in the State of New York that would elect the late Inspector of Police, and certainly not unless it was strongly recoforced by the Democratic association."

"We have an issue in the State this fail." said Mr. Miller, when he had got down to business. "Some men have been foolish enough to charge me with making it. That is not true. Issues are not made in secret and then suddenly brought before the people. This issue is the enforcement of our laws and the maintenance of our bunday laws. How is it here? It will tell you. A year ago the Lexow investigating committee disclosed in this city a condition of affairs the most infamous in the history of a civilized community. A good many good people, and some who have since that time proved to be not so good, got together and carried the city for reform by an overwhelming vote. The charge was made that the laws were not enforced. The people got together and said that all the laws should be enforced and we succeeded. Immediately after Mayor Strong got a Police Commission the laws were enforced. Then a portion of the good people got up and said: We didn't think that you would do this. There are some of the laws was made. It was "Anil that's how the issue was made. It was

said: 'We didn't think that you would do this. There are some of the laws that we didn't expect you to enforce.'

"And that's how the issue was made. It was here, and it had to be met or we had to run away from hike cowards. When the frepublican platform adopted at Saratoga declared for the maintenance of the law, it meant all that that word means. It meant the enforcement of the present laws and their maintenance on the state books. It meant more than that; it meant approval of the Police Commissioners for enforcing the laws.

"The Republican party has been misreorescuted on the excise question, as well as on all others, by the Democratic press. What is the Republican party's position? In the first place it is not the Prohibition party. Time after time the Republican party has lost the State because it havored the Prohibition party. It is in favor of a just and equitable excise license system, hencefy and fairly enforced everywhere. The party is not committed to any particular form of excise laws, but it believes in a uniform and just administration of them. Many of our people favor the Ohlo law.

"My position—and I am speaking for myself—

ple favor the Ohio law.

My position and I am speaking for myself—
My position—and I am speaking for myself—
My position—and I am speaking for myself— My possition—and I am speaking for myself—may be beliefly stated and properly. Some years ago I ran for flovernor on a high license platform in this State and was defeated. I am in favor of high license, and I believe in a law that shall demand a much higher license for spirituous Square than for the sale of beer and

in favor of high Heense, and I believe in a law that shall believe a much higher license for spirituous 'Equirs than for the sale of beer and light wines.

"The charge has been made that the excise plank in the Republican platform is an infringement of personal liberty, it is claimed that there are certain inaliciable rights that every man should be free to enjoy. If the Excise law is an infringement of personal inerty, then there is a strong objection to it. That cry was raised first by our opponent and then abandoned for another. The scene was shifted and the demand was made for home rule. The Republican party was charged with being opposed to home rule. Instead of being opposed to home rule. Instead of being opposed to home rule, the Republican party has done more for it in the past than the Democratic party has ever attempted to do. Let's see what is wanted in this city. You elect your own Mayor and you control your municipal government entirely. You are not permitted to make laws touching property or moral questions. The only demand how is that you should make your own excise and Sunday laws. I claim that these laws should spread over the whole State, and that they should be made by the whole people of the State through their recresentatives at Albany.

"Local option upon another great moral question was tried in this country; it was tried on the slavery question. And what was the result?"

will?

"Personal liberty is the warcry of Senator Hill in this campaign, and what does it mean? It means the power to control the lower classes through an infamous police. I don't suppose for a minute that they propose to give local option to New York alone. Now, I want to know will it be any less of an infringement of personal liberty to have this liberty of the saloons on Sunday taken away by local option than by a State law?

"Now, then, you may be seen as the saloon to the saloon the saloon to the

State law?

"Now, then, you may give us local option on any sin that breaks the Decalogue, but I undertake to say that any such operation is a violation of the Constitution insurit and in principle.

"A good deal has been said of bigotry and blue laws. I bave been held up as one who not only wanted to enact blue laws, but to retain such of them as are on the statute book. In answer to that I want to state that there are no blue laws in this State, and that there never were.

"Gov. Hill has said that if the Excise law be "Gov. Hill has said that if the Excise law be strictly enforced it would mean that a man could not give a gase of wine to his friend in his ewn house on Sunday, tow. Hill is a good lawyer, I venture to tay, however, that there is not another equally good lawyer in the whole State of New York who would make this contention. The iterpublican party is not charge-noise with begoing or with trying to keep ou the statute beok or in force a blue law, for, as a matter of tact, no such law exists or has existed in this State. If the last two homeratic towernors did not dare sign a Sunday opening law, do you suppose our Republican towernor would dare to do it?"

"We are tool that in Europe, where there is what is known as the Continental Sunday, the beer garden is a harmless sort of a place. With our population such a place couldn't exist What does an open saloon on Sunday mean here? Read the reports of your police courts on Monday morning if you want to know what an open Sunday saloon means. Is it not enough in all conscience that it should be open six days a week? We want a quiet and orderly Sabbath for religious worship, for rest, and for recreation. Shall we not have the rest which comes from the Sabbath to the workingman? I assume that if you are going to open the saloon you must give the same privilege to every other trade. It is simply the opening wedge for the overthrow of the American Sunday. A great slander has been put on a large number of our citizens. I refer to the Germans. It has been stated that if the Germans could not get their been on Sundays they would join the It has been stated that if the Germans could not get their beer on Sundays they would join the ranks of Tammany Hall in the hope of obtaining it. This is not true. But there are in our midst hundreds and thousands of Anarchists and Nihillats who have come to our country, and every one of them has undoubtedly gone to Tammany Hall, where he belongs. The American people are not yet prepared to adopt the Continental Sunday."

Charles Emory Smith, who was the last speaker of the evening, steered clear of local issues and discussed national politics. The meeting adjourned with three cheers for Warner Miller.

BROOKLYN DEMOCRATS ACTIVE. A Committee of One Hundred to Be Ap-

pointed for Campaign Work, The outpouring of citizens at the Academy of Music in Brooklyn on Monday night in support of Edward M. Grout, the Democratic candidate for Mayor, set the Republicans thinking. At the numerous headquarters which the Republicans have opened there was much revising of the majority figures for Wurster yesterday. The managers seemed to feel, for the first time, that they had a genuine battle on their hands. "It looks," said an old campaigner, "as if the

copie who came over to our side in the McKane rebellion two years ago are all drifting back to the Democracy, and unless we can do something to check them and Mr. Shepard is able to stop he wholesale desertions from his ranks, we shall have a mighty close shave in pulling our man through. The men who organized the big citizen's neeting for Grout are not idle. James Mc-

Mahon, the Chairman of the Eathering, will appoint a committee of one hundred for active campaign work, and branches will be organized in each of the thirty-one wards.

The Shepardites will start their campaign racket to-night in the Criterion Theatre, which is of the modest dimensions appropriate to such a purpose. Ex-Secretary of the Treasury Charles S. Fairchild, who is always ready to obey the summons of the Brooklyn Goo Goos, and Mr. Shepard are to be the leading orators. The Shepardite defections continue to be numerous. A battalion of forty-two, comprising almost the entire so-called "conscience" Democratic organization in the Twenty-seventh district of the Twenty-second ward, went over in a body to the regulars on Monday night.

To-day will be the second day for the registration of voters, and the enrollment places in the 625 election districts will be open from 7 A. M. to 10 A. M. and from 3 P. M. to 10 P. M. The remarkable falling off of nearly 16,000 in the first day's registration, compared with the corresponding day last year, has caused much speculation in the rival political camps, and each side will hustle to-day to bring out apathetic voters. On the second day last year 55,638 votes were enrolled, and in view of the Democratic revival all around these figures may be equalled to-day.

Edward M. Shepard doesn't seem to cherish any opposition to Federal interference in local politics so long as it is of advantage to his organization. In his fight for the Mayoraity he is receiving substantial aid from United States District Attorney Robert H. Roy has such as the sheard and the second character of the high Government officials. Mahon the Chairman of the eathering, will appoint a committee of one hundred for active

done by the subordinates of these high Government officials.

Since the campaign began, Assistant United States District Attorney Robert H. Roy has been in charge of the Shepardite headquarters in Fulton street, opposite the City Hail, and all the varied details of the cauras are under his direction. It is said that since the headquarters were opened a week ago, Mr. Roy has not even reported at his office in the Federal building.

Mr. Shepard could not have selected a more affable gentleman to manage his campaign, but some people who are not even as great sticklers for reform and purity in politics as Mr. Shepard, are inclined to think that the burden should have been placed on the shoulders of some person who is not drawing pay from the Government.

person who is not drawing pay from the Government.

Another blow betell the Shepardites last night in the desertion of John Mackay, the member of the Executive Committee from the Thirtieth ward. Mr. Mackay is an influential man in the old New Utrecht battiwick. He headed the movement which was started there three years ago to down Cornelius Ferguson, the Democratic boss of the town. Until the present political crisis he has been in close accord with Mr. Shepard, but he has now parted company with him and enlisted in the swelling Grout column.

TO THE RESCUE OF THE ROOSTER. Grace Men Say the Bird Will Surely Perch

The State Democracy leaders say they are sure to have their rooster printed at the head column as the official ballot in spite of what the Republicans in Albany say. The basis of their confidence is this: The Police Commissioners have all to do about printing the ballots. Their legal adviser is the Corporation Counsel, and the Corporation Counsel is Francis M. Scott, At the meeting of the Police Board yesterday President Roosevelt said: "What about the rooster? I was waked up after I got to sleep last night and asked about this matter."

"The rooster is crowing," said Col. Grant, " As he will be after election," said Commissioner Andrews.

"The O'Brienite Commissioner is away," said Mr. Rooseveit, looking at Commissioner Parker's chair. "I'd like to have the State Democrat tell us about this matter."

Mr. Andrews said that as soon as any political party raised the question he was prepared to vote, and he wouldn't say anything meantime. George Walton Green, the member of the Executive Committee of the State Democracy who had charge of filing the nominations, left a memorandum when he filed them demanding that they be put in "one party column as party nominations under the designation 'The New York State Democracy' and the device or emblem described."

The Police Commissioners will hold a special meeting this morning to act on election matters. Mr. Green will appear and argue the right of the Grace people to have the fusion ticket and the names of their candidates for legislative places printed under the regular Democratic State ticket and the rooster emblem. Mr. Rooseveit, looking at Commissioner Parker's

IS PAVEY ELIGIBLE?

Candidate for the Schate a Salaried Employee of Two Cities.

Something which may happen to Assembly man Frank D. Pavey should be receive the greater number of votes for Senator from the ifteenth district was hinted at by a member of the Republican State Committee who dropped into the Fifth Avenue Hotel last evening. "I understand Pavey is ineligible under the Constitution," said he. "He holds a municipal place, does he not?"

The place referred to is that of attorney for the new East River bridge, which Mr. Pavey holds, and for holding which he receives a salary at the rate of \$3,000 a year.

The Constitution provides that no man holding a municipal office is eligible for election to the Legislature unless, one hundred days prior to the election, he shall have resigned his mu-nicipal place. The question likely to be raised is whether Mr. Pavey's place comes within the

is whether Mr. Pavey's place comes within the prohibited class.

The salaries of employees of the new East River Bridge Commission are paid from a fund which is contributed by the cities of New York and Brooklyn. Mr. Pavey may not be an officer of one municipality, but it is possible that the Senate, should there be a Platt majority, might decide that he is a municipal officer.

The employees of the present bridge are paid in the same way as those of the new Bridge Commission. When Col. George B. McClellan was Treasurer of the Brooklyn Bridge, Tammany Hall wanted to run him for the Assembly, but was advised that he was ineligible.

LIQUOR MEN FOR TAMMANY.

CENTRAL ASSOCIATION ENDORSES STATE AND LOCAL TICKETS. Urges All Its Branches to Do Likewise-

The United Sectetles Endorse on the Independent Citizens' Organization. The Central Association of the Wine, Liquor and Heer Dealers' Association of the City of New York, at a special meeting at Terrace Gar den yesterday afternoon, endorsed the Democratic State and county platforms and tickets and the Tammany nominations for Senators and Assemblymen. This was done in the fol-

lowing resolutions: Bendeed. That the Central Association of the Wine Liquor, and Beer Dealers' Association of the city of New York do endorse the platform of the Demoeratic party, and the State and county tickets; also the candidates for Senators and members of Assembly nominated by the regular Democratic party. in which we are engaged, that every Democratic vote e polled on election day; therefore, be it Resolved, That we urge and recommend that the various local bodies call regular or special meetings to carry out the spirit of the foregoing resolution.

"These resolutions were carried unanimously. There were no other resolutions proposed, and

President Hirsch at first declined to add anything to the Secretary's statement, but at Morris Teaulsky's suggestion he said that the first resolution was introduced by ex-Alderman Frank G. Rinn. President Hirsch, when asked whether there had been any opposition to the resolution, said that some amendment had been introduced, but had falled of adoption.

Morris Tekulsky, it is said, advised the association to remain neutral in the fight. His argument, it is said, was that action by the liquor dealers would crystallize opposition to the Tammany ticket. Christopher Nooney, who is a Republican, was

dealers would crystallize opposition to the Tammany ticket.

Christocher Nooney, who is a Republican, was also said to have opposed the resolution. The tenor of his remarks were said to be:

"Keep out of politics: let us take an independent position, as the brewers did."

Mr. Teknisky positively denied after the meeting that he had urged neutrality.

"I hold that the position of this association," said he, "was naturally with the Democrats. The association by its vote committed itself to the Democratic party, and every one of its members is bound by the vote."

"I haven't decided how I will vote," said President Hirsch. "I am speaking as an individual merely. I have voted the Republican taket since 1868. I want to say that I'm not with a party which is against my interests. I am a liquor dealer first and then a Republican,." President Hirsch added that the association, as such, would work for the success of the Democratic party. "We have urged the local bodies to meet and help," he added, "The Central Association will hold a special meeting next Tuesday for the same purpose."

August F. Claussen, the Sergeant-at-Arms of the Central Association said he would vote the steaight Democratic cicket for the first time in his life, and added that out of 150 members of the True Blues, a Grand Army association, all but four or five would vote the Democratic ticket for the first time.

The city is divided into thirty-one precincts, which are represented in the central body with five delegates cach. There are also other officials who belong to the central association. I may also to 6 P. M., frequent applause could be heard.

O'BRIEN'S WITH TAMMANY, SURE. The Ex-Sheriff Says the Fusion Crowd Was a Little Too Tough for Him.

The Hon. James O'Brien was feeling happy last night. "There's no doubt about it at all," he said. "We'll be with the Tammany people this fall. We stayed with the reform people just as long as we could stomach them, and our people were all kicking at the dose. We ain't the kind of people, you know, that can mix with them right along. We'd have been with the Committee of Fifty maybe, but when they got mixing with Gibbs and Fatty Grote and Billy Grace, why that ended it with us. They had an idea that they could trample on our rights, but they tackled the wrong peo-ule when they tackled us. We'll endorse the whole Tammany ticket. Eighty-five per cent. of our people are in favor of our going in. They don't care for Tammany, but they're in for it to lick the other fellows. They ought to be licked. What are they but a lot of tricksters? What's the ticket but a barter and trade? What did these people do but sell the nominations? How about our own ticket that was put up? Oh, that all depended on my sanction, and I wouldn't sanction it, so that settled it. What we're going to do now is to show the crowd that's running this mule tleact some things. We licked Tammany last year. We'll lick the mule tleact this. They can't do anything without us.

"You see," continued Mr. O'Brien, "this is all the fault of the Republicans. If they'd played straight with us, we'd have been with them. They came to us and wanted to deal with us. They says to us, 'You're the only straight anti-Tammany organization in the city. You are the people, and all that; and then this Committee of Fifty came along and put up the money and bought them out. Of course we couldn't stand that.

"Tammany Hail," concluded Mr. O'Brien, "is the only proper place for a decent man to be in and I've always said so, if it was in the hands of proper rulers. Now I understand that Croker is out of it, and of course it's all right to go in. At least, if he's in it, he's under cover. Tammany will win this year. Why, Tammany hasn't been licked in twenty years only when we were against it. Now we're with it, and that settles it." about our own ticket that was put up? Oh, that

ties it."
The O'Briens will meet to-morrow night.
"Come around any time Thursday," said Mr.
O'Brien in parting, "and I'll tell you what the
vote will be. That meeting last night didn't
signify anything. I just told the boys to vote
just whichever way they pleased. They'll be
all right when the time comes."

GOO GOOS CHEER THEMSELVES. Expect Ottendorfer as an Ally - If Any Waver Let Him Waver Still.

The Goo Goos announced last night that their candidates would all stick, and that in all probability they would all be elected. They had the candidates, with the exception of C. C. Beaman, up at campaign beadquarters, 1,180 Broadway, all the evening. The purpose was to get their ideas on how to run a campaign. Every candidate made a speech, so did every other Goo Goo. The Goo Goo speakers all predicted a sweeping victory, and the applause was heard across Broadway.

Arthur Von Briesen said he had had a talk with Oswald Ottendorfer, and that while Mr. Ottendorfer hadn't said it right out, there was every reason to believe that within a day or two he would come out publicly and support the too Goo ticket, and would give the support of the Stants Zeitung to it.

Prof. Felix Adier said that the Republican hyens was as had as the Tummany tiger, and that the people were with the Goo Goos. The Goo Goo thinkers got out another address yesterday. It was for circulation among Goo Goos only, and 5,000 copies were ordered. It says:

"The tide is setting our way. Day after day we have evidence of this. The vehemence of the first attacks upon us has abated. Many of these who made those attacks know that we are right, and consequently they confute and confound themselves in much that they say. If your mind is wavering, let it waver another week. It will inevitably come to the right side."

The address of the Committee of Fifty won't be ready for several days. The excise programme is what is bothering the statesmen. every reason to believe that within a day or two

Hawes on the Fusion ticket. At the same time the God Goo Executive Committee met in the Mutual Life building to find a man to take his place on the haif-orphan ticket. The State Democracy, though a part of the Fusion crowd, had no hand n the Chamber of Commerce conference, because it has got airendy more than its share of the ticket. There were two candidates present, ex-Assemblyman Wilds and A. C. Astarita. Astarita having, as his friends said, 22,000 Latin-American Reform Union votes to offer for the place, was of course the more available of the two, and before they went into executive session the three politicians took a good look a him. "If they give us the place we will swing the entire Italian vote in line. If they don't we won't raise a flager to help the ticket."

The Three were locked up about half an hour, and then Mr. Smith came out and took another look at Mr. Astarita. Fifteen minutes later the conference adjourned.

"Who is it?" demanded the reporter.
"Nobody." said Mr. Lauterbach.
"We'll meet sgain," said Mr. Smith.
"It's a hard matter to select a name from the long list. There are 585 or so on the list," said Mr. Rhoades.
"But there were only two here to-day," said the reporters, said Mr. Lauterbach, "but you see many of them sent letters," and the Three went out. They will meet again to-day.

The Goo Goos were equally unsuccessful in finding a man for the half-orphan ticket. When they got through thinking they said that they guessed they'd let the Fifty choose a man, and if they liked him they would endorse him. It isn't likely that there will be any more vacancies on the Fusion ticket. The People's party has a place to fill. It nominated Goo Goo Edward W. Searing feels it his duty to decline.

The work he puts in seems hardly necessary, as neither of his opponents, Robert A. Greacen, the Republican candidate, nor William J. Among his caliers yesterday were delegates from the Pilots' Association, several G. A. R. men, and two naval officers. They told Mr. Cummings that he deserved the support of every true American for his course in building up the navy and the commerce of the nation.

Heimburger is a Tammany Hall man in the Sixteenth district and Williams is a lieutenant of Robert A. Greacen, the Republican leader in the Eleventh Assembly district, who is candidate for Congress against Amos J. Cummings. Williams was deputy collector of internal revenue under Gen. Michael Kerwin. The removal of a Tammany man and the appointment of a Republican worker at this juncture by Sheriff Tamsen causes some misgiving in the Wigwam as to the attitude of the Ridder-Tamsen-Grosse faction of the Garoos in the local struggle. The new of the Garoos in the local struggle. The new deputy sheriff is an ardent Platt man.

John Norton Withdraws as Candidate for

The differences among Tammany men in the Twentieth Senate district have been settled. District Leader John J. Ryan of the Thirtysecond Assembly district, who had united with ex-Police Justice William H. Burke, the leader in the Thirty-third, against Cantor, has been brought around to the other side and joined forces with Lawrence Delmour, the leader in the Thirtieth. With John Norton, the nominee of the Senate Convention, Ryan called at Tammany Hall yesterday afternoon, where Mr. Norton signed the following letter declining the

nomination: Hon, Edward C. Sheehy, Chairman Twentieth District Democratic Senatorial Convention DEAL SIR: At the Democratic Convention recently held by the delegates representing the Twentleth

Senatorial district I was nominated for the office of Senator. Owing to the fact that considerable difference of opinion prevailed as to the selection of a candidate, and because it was impossible to make a selection at the time, and deeming it beneficial to the party to accept the nomination that was offered to me, in order that the nomination might be made with-in the time allowed by iaw, I reluctantly agreed to the use of my name, with the result, as you well know, that I was nominated

such office before the people, and my businessbeing of such a character that if elected I would be unable to devote the time that would be required of me, and believing it would be beneficial to the party with which I am identified that I withdraw from the candidacy, I have concluded to decline the nomination made at the said Convention. Therefore leaving the matter of selecting a person to fill the vacancy to the judgment of the committee designated to act in that capacity, and thanking the gentlemen who composed the Convention for the honor they have done me, I remain, very truly yours. John Norrox. He also made out a declination in due form,

which was filed with the Police Commissioners. As soon as the committee appointed by the Senate Convention to fill vacancies is notified of the Convention to fill vacancies is notified of the vacancy officially it will meet and name a substitute candidate. As matters stand now that candidate will be Senator Cantor.

Arrangements for the ratification meeting to be held on Tuesday night at the Wigwam are being pushed with vigor by Chairman Thomas S. Brennan. Among others who will be asked to speak are Secretary Carlishe, Senator John W. Instiel of Virginia. Speaker Crisp. ex-Gov. Waller of Connecticut, ex-flows. Campbell and Hoadly of Ohio, ex-Congressman B. N. Lockwood of Buffalo. Congressman Benton McMillin of Tennessee. District Attorney Fellows, Frederic R. Coudert, and E. Ellery Anderson. The invisations say:

The Democratic party of the State of New York is at present engaged in a contest which involves the existence of Democracy. Defeat at this election would be worse than its affect upon the Democracy of the whole country.

McParlin Will Not Impair His Chances. LOCKPORT, Oct. 15.-Lawrence J. McParlin to-day sent his formal declination of the nomination for Attorney-General on the People's party ticket to the Secretary of State. McPar-lin is the People's party nomines for County Judge and Surrogate in Niacara county, and caims that he has a good chance of election, which would be impaired, he says, by running on the State ticket.

Senator Dantel to Speak for Tammany. WASHINGTON, Oct. 15 .- Senator John W. Daniel of Virginia has accepted an invitation to speak for Tammany Hall during the present campaign in New York city. He is one of the most eloquent members of the Senate, and is de-servedly popular with the Tammany braves be-cause of his advocacy of their cause at the last Democratic National Convention.

Belden Won't Run for Mayor of Syracuse. Ex-Congressman James J. Belden was at the Windsor Hotel yesterday afternoon. He sent a telegram to his friends in Syracuse declining to accept their nomination for Mayor on an inde-pendent ticket. The nomination was not ten hours old before the despatch was on the wires.

Scraps of Local Campaign News.

Register to-day. The Anti-Tammany Democracy and the Good Government Club fused in the Hon. W. Frederick Grote's district yesterday, and nominated William Blau for the Assembly. Mr. Grote was forced out of the field Saturday night by the State Democracy bosses. The Goo Goos were afraid he would get back in again.

The State Democracy in the Twelfth Assembly district last night nominated John H. Dougherty for Assemblyman, Edward Eisman having declined to run.

SECEDERS WITH THIS NAME. Several Hundred of Them, Who Won't Vote for Tammany, Start a New Organization -The German-American Citizens' Union. The seceding Garoos, who decline to be bound by the vote of the G. A. R. U. General Committee to support the Tammany county ticket,

formed the German-American Citizens' Union in Macnnerchor Hall last night. "I suppose they'll call us the Gazooa," said Dr. Senner, resignedly, as he surveyed the inttials, and the reporters assured him that it looked that way. The kickers mustered an as-sembly of 800 mes. One hundred of the assembly, under Herman Sulzer, were pro-Tammany Garoos, who had come to vote no, and Republican clubs and Grace men helped make upalarge part of the residue. Snizer's 100 withdrew in a body as soon as the resolution form-ing the new organization was passed. This gave the kickers full sway, and for nearly two hours they and their ailies had a baleyon time in

Carl Schurz was elected temporary Chairman of the meeting when it was called to order. He said:

"The surrender of the German-American Reform Union to Tammany Hall is the greatest disgrace that has ever befallen the German-Americans of this country, and it is in order to ripe out this disgrace that we are here to-

The resolutions to fight Tammany and to boit the G. A. R. U., and to form the G. A. C. U., were then read and adopted by the meeting, the stanch Garcos, led by Herman Sulzer, voting

Mr. Schurz then read a letter written by himself, which wound up with the state ment; "In effering its hand as an ally to the worst enemy of good government, the struggle against whom to the last extremity it had de-clared to be a sacred civic duty, the German-American Reform Union has formally disaright to its name."

Dr. Senner was made permanent Chairman,

Dr. Senner was made permanent Chairman, and said in a brief speech:

"I am here in this honorable position because of the stand I took at the last meeting of this organization. I was shabbily treated at that meeting, and so were all others who were not in symmathy with the movement to consolidate with Tammany Hall. Who would have thought at year ago that John C. Sheehan, the carpethager from Buffalo, would dare to come out and predict a big Tammany majority? He wouldn't dare to do it had he not been emboldened by the action of the men who antagonize the work of our Police Department under the plea of personal liberty."

At this juncture some one from the audience called out, "Give us our beer!"

"That's what we want to do," said Dr. Senner, "and we all want to do," said Dr. Senner, "and we all want to work with you to gain that end, but I ask you, do you want your beer at the hands of Tammany Hall?"

The audience replied rather confusedly.

Theodore Sutro was suggested for President of the new union, but Mr. Sutro declined the honor and suggested John B. Pannis. Mr. Pannis is an ex-President of the Arion Society, and he was promptly elected. Some of the other officers selected were James Speyer, Dr. A. Berghaus, Dr. H. A. C. Anderson, Charles C. Wehrum, Max Lissauer, Jacob H. Schiff, Carl Hubser, and Percival Knauth. Theodore Sutro, Carl Schurz, and Gustave Schwah were elected honorary Presidents. As many of the new officers as could get a chance also addressed the audience, which was rapidly thinning out.

In the mean time the Garoos who had deserted the meeting were holding another meeting down stairs. They elected Dr. L. Weyland Chairman and Charles Wieler Secretary, and for an hour listened to speeches by Lawrence Zeller, Carl Haengl, and others. They wound up their meeting by passing a resolution upholding the action of the German-American Reform Union in supporting Tammany Hall and condemning the action of the German-American Reform Chairman and Charles Wieler Secretary, and transmitted to the press in th (the original Garoos), who have endorsed Tam-many Hall's candidates and platform, have established campaign headquarters at the Grand Central Palace, Forty-third street and Lexing-ton axender.

WIEFFENBACH LOSES HIS CASE. Church Trustees May Exclude from Church Any Person Not a Member. The Oakland Avenue Police Court in Jersey City was crowded yesterday morning with members of the Zion Church of the Evangelica Association and members of other churches who

were interested in the case of Elders Albert Klix and Emil Herzog, who were charged with assault and battery for having ejected Henry Wieffenbach from the church a week ago las Sunday. Pastor John Etjen of the Zion Church. Pastor E. A. Mewry of the Second Reformed Church, and several Lutheran clergymen were in attendance. Lawyer Frederick J. Stuhr an peared for the complainant, and Lawyer Grece for the defence. For four years, according to the statements of

Pastor Etjen and other witnesses, Wieffenbach has been disturbing the services in the church by refusing to put his donation in the plate when it was passed by Elder Henry Witzenhausen, against whom he had some personal ill feeling. He made a practice of walking up the aisie after the collection had been taken and dropping his contribution in the plate after Witzenhausen had set it down. Witzenhausen had set it down.
The eiders and the pastor conferred together two weeks ago and decided that the annoyance must crase, even if it became necessary to keep Wieffenbach out of the church by force. Accordingly Trustees Klir and Herzog stationed themselves at the church door a week ago last Sunday and forcibly prevented Wieffenbach from entering. Sunday and forcibly prevented Wieffenbach from entering.

Judge Douglas decided that the trustees of a church have the right to exclude from the church any person who is not a member of it, even though he be a regular attendant. Trustees Kilx and Herzog were discharged, It is said that Wieffenbach holds a mortgage on the church.

Kerrigan Sentenced to Die in December. Thomas Kerrigan, a peddler, of 38 Stanton treet, was sentenced by Justice Ingraham in be Oyer and Terminer yesterday to die in the week beginning Dec. 2. Kerrigan was convicted last year of murder in the first degree for killing last year of murder in the first degree for shining Aaron Alexander, another peddler, at 23 Rivington street, on April 4, 1894. The conviction was affirmed by the Court of Appeals, and Kerrigan was brought down from Slog Sing for sentence. Folice Commissioner Parker, his counsel, said he would petition the Governor for clemency. Kerrigan was unmoved by the sentence. His wife fainted and was carried out of court.

The Weather.

What appears to be a tropical hurricane, with litle energy yet developed, appeared yesterday northward, causing dangerous gales along the Atlan tic coast. The winds were becoming high yesterday on the Piorida coast, and heavy rains were failing, measuring from one to three inches. Light rain extended northward over all the Atlantic States, where the winds were northeasterly.

It is evident that the radius of the Southern storm is arge. To-day may bring more definite information. At all events, mariners are cautioned. Fair weather prevailed presently over the interior of the country, save for cloudy weather and showers over the lake regions. There was little charge in tenperature, except in the Northwest, where it was be coming colder. Fog enveloped our immediate coast.

BIRTH OF THE GAZOOS. A FILTER INSIDE YOU

HOW YOUR BLOOD IS KEPT PURE

Health Comes From Pure Blood, Pure Blood Depends on Your Filter Inside You.

Your Kidneys Keep Your Blood Pure If They Are Well. A Few Facts About Them, and How to Make

Them Well When They

Are Sick.

Your blood is what nourishes your body.

New blood is made every minute. It goes
to the lungs, gets fresh air, and then passes
through the body. In passing, it deposits
new flesh, fat, bones, etc., and takes up worn
out matter.

This worn out matter goes to the kidneys.
The kidneys filter it out of the blood and
throw it out of the body.

That is, when they are well, they do.
When your kidneys are well, they act as
perfect filters, to keep your blood pure,
When they are sick, they act imperfectly.
They leave the bad matter in. Sometimes
they take out the good.

There is nothing more poisonous than bad
blood.

A proof of this is rheumatism. It is sim-

blood.

A proof of this is rheumatism. It is simply a blood-poisoning caused by the bad matter left in the blood by sick kidneys.

Bright's disease is the kidneys working the other way—taking the good food out of the blood.

Block kinds of kidney sickness are dever-

Both kinds of kidney sickness are danger-

Ous.

Both can be cured by Dr. Hobb's Sparagus Kidney Pills.
One of the most wonderful facts of our body is this natural filter inside us. Our kidneys are very important organs. We don't take enough care of them. We are sick oftener than there is any need for. It is simply because we take no heed to our kidneys.

Sick kidneys show their effects in many different diseases.

Rheumatism and Bright's Disease are very common. Anæmia, Neuralgia, Pain in the Back, Dizziness, Bladder Troubles, Gravel, Diabetes, Sleeplessness, Nervousness.

Gravel, Diabetes, Sieepiessness, Nervousness.

These are only a few symptoms, or so-called "diseases." Back of them all are the sick kidneys.

Once the filters can be made to work, all these symptoms will disappear.

Dr. Hobb's Sparagus Kidney Pills are made principally from the roots of the asparagus plant, which has a special curative action on the kidneys. It gives them new life and strength. It helps them to do their work as it ought to be done. It cures their sickness. It cleans and renews the filter.

When the kidneys are well you will feel a great difference at once. Your complexion will clear, and your whole body will get renewed life and freshness.

This is the effect of Dr. Hobb's Sparagus Kidney Pills on the sick kidneys, of the re-vitalized kidneys on the impure blood.

NEGROES SMASH SALOON WINDOWS. Throw Bottles at the Owner and Break a \$100 Bar Mirror.

Two negroes had several drinks each in James McElroy's saloon, at Seventh avenue and Twenty-ninth street, shortly before 7 o'clock yesterday morning. When the bartender asked them to settle, they laughed at him. McElroy, who was in the saloon, started to eject them. They grabbed bottles and beer mugs and threw them at his head, badly cutting him. The bartender TAD AWAY. The negroes, after leaving the saloon, picked up

a beer keg and threw it through the plate glass window. A second keg was thrown through another window. A shower of stones which fol-lowed the kegs broke two \$100 mirrors behind the bar. One of the negroes was subsequently arrested into a neighboring saloou. He described himself as John Johnson, 35 years old, of 203 West as John Johnson in the was held for trial in Jefferson Market Court in \$1,200 bail on charges of felonious assault and malicious mischief. He was balled later.

No River Transportation for This Fruit.

CINCINNATI, Oct. 15.-Millions of bushels of fruit are going to waste along the Ohio River because of the close of navigation. Between this city and Evansville 150,000 barrels of apples, in addition to potatoes and other produce, may be lost by decay. At the little port of Amsterdam, Ind., 2,000 barrels of apples have been lying on the wharf for two weeks awaiting shipment. The river is lower now than it has been since 1860, with one exception.
